Kelley Dodge, Senior Project Manager and Engineer, C-CORE

From Space to Sea - The evolution of space-based technology for iceberg detection

Darryl Day, Co-Founder and CTO, inspectAR

Electronics Workbench of the Future - How augmented reality is accelerating hardware development

Submission Topics

- Biomedical Engineering
- Circuits and Systems
- Communications and Networks
- Computing and Software
- Controls, Instrumentation and Robotics
- Remote Work and Collaboration Tools
- Ocean Engineering
- Power and Alternative Energy
- Remote Sensing
- Security and Privacy
- Signal & Image Processing and Computer Vision
- Other ECE topics

Submission Types

- Academic Paper for Oral Presentation
- Industrial Paper for Oral Presentation
- Industrial Presentation
- Paper for Poster Presentation

Important Dates

- Abstract submission (EXTENDED): September 18, 2020
- Registration opens: September 11, 2020
- Notification of acceptance: October 12, 2020
- Early bird registration ends: October 26, 2020
- Deadline for Final Paper Submission: October 26, 2020
- NECEC 2020 presentation day: November 19, 2020
